

LOGO USE GUIDELINES AND WAIVER OF LIABILITY FORM

The logo and campaign material has been designed and developed by the Graphic Design Unit at the United Nations in New York.

The Graphic Design Unit is part of the Outreach Division at the Department of Public Information.

The modern and simple design anchors Afro-descendants in the now and the future, and connotes advancement now and in the years to come.

It implies inclusion of all people of African descent into one group, who share a common history and heritage.

The abstract form of a spiral coming off and spreading out from Africa (as the 'origin') in its center represents simultaneously the past, present and future of people of African descent.

The spiral itself symbolises the globe, and represents migration and advancement/progress.

The logo of the International Year for People of African Descent is available in the six official United Nations languages: Arabic, Chinese, English, French, Russian and Spanish. Governments, cooperatives and other stakeholders are encouraged to translate the text into local languages. However, the entities translating the text into local languages shall state clearly that they are solely responsible for the accuracy of the translation and they should further agree and acknowledge that the United Nations shall not assume any responsibility or liability arising from the translated text.

Organizations using the logo during events or activities organized for the International Year for People of African Descent (IYPAD) will use the IYPAD logo in conjunction with their organizational logos subject to the following conditions:
