Information regarding the implementation of the General Assembly resolution entitled International Convention for the protection of All persons from Enforced Disappearances – contribution by SLOVENIA

a) Slovenia as a state signatory to the International Convention for the Protection of All Persons from Enforced Disappearance continues to push for its ratification. The Ministry of Justice is preparing an analysis of the Convention, which aims to re-examine and identify open questions regarding the ratification of the Convention. According to the existing Slovenian legal framework, the conditions for the ratification of the Convention are not met. Therefore, the Ministry of Justice will also prepare proposals for the formation of the legal basis, which would enable the ratification of the Convention.

b) The provisions of Article 31 and Article 32 of the Convention will also be discussed and reviewed in the context of the analysis referred to in the previous paragraph.

c) After the analysis, it will be assessed whether it would be necessary to strengthen the dialogue with the OHCHR on practical aspects of the implementation of the Convention within the meaning of paragraph 5 or 6 of resolution A / RES / 70/160 of 17 December 2015.
