

MT/UN/026

The Permanent Mission of Japan to the International Organizations in Geneva presents its compliments to the Office of the High Commissioner for Human Rights and has the honour to inform the latter that the Government of Japan recently underwent a review by the Committee on Enforced Disappearances, as a part of which it provided the Committee with information concerning enforced disappearances. In this regard, the Government of Japan has the honour to forward herewith a list of documents pertaining to that review, which the Government believes should provide sufficient information for the Working Group's purposes.

The Permanent Mission of Japan to the International Organizations in Geneva avails itself of this opportunity to renew to the United Nations Office of the High Commissioner for Human Rights the assurances of its highest consideration.
