Introduction

In Resolution 27/13 of 24 September 2014 the Human Rights Council requested the Expert Mechanism on the Rights of Indigenous peoples to

...continue to undertake, with the assistance of the Office of the High Commissioner for Human Rights, the questionnaire survey to seek the views of States and indigenous peoples on best practices regarding possible appropriate measures and implementation strategies in order to attain the goals of the United Nations Declaration on the Rights of Indigenous Peoples, with a view to completing a final summary of responses for presentation to the Human Rights Council at its thirtieth session.

The questionnaire is set out below and will also be made available on the website of the Expert Mechanism on the Rights of Indigenous Peoples (Expert Mechanism) at http://www.ohchr.org/EN/Issues/IPeoples/EMRIP/Pages/EMRIPIndex.aspx.

This questionnaire is deliberately designed to emulate, as much as possible, the questionnaire to States so as to facilitate easy comparison in responses and generate ideas for partnerships between States and indigenous peoples for implementation of the Declaration.

Responses from indigenous peoples will be analysed and compiled in a report by the Expert Mechanism, which will be finalized during the 8th session of the Expert Mechanism in July 2015 for presentation to the Human Rights Council at its 30th session in September 2015. Unless otherwise requested, responses of indigenous peoples to the questionnaire will be made available on the website of the Expert Mechanism. Responses will also inform the ongoing review of the Expert Mechanism’s mandate, in accordance with the Outcome Document of the World Conference on Indigenous Peoples (A/RES/69/2).

Please submit your responses by 2 March 2015.

The results of this questionnaire provide the Expert Mechanism with an opportunity to survey indigenous peoples with regards to measures and implementation strategies to attain the goals of the United Nations Declaration on the Rights of Indigenous Peoples, consistently with the Outcome Document of the World Conference on Indigenous Peoples (A/RES/69/2):

7. We commit ourselves to taking, in consultation and cooperation with indigenous peoples, appropriate measures at the national level, including legislative, policy and administrative measures, to achieve the ends of the Declaration and to promote awareness of it among all sectors of society, including members of legislatures, the judiciary and the civil service.
8. We commit ourselves to cooperating with indigenous peoples, through their own representative institutions, to develop and implement national action plans, strategies or other measures, where relevant, to achieve the ends of the Declaration.

28. We invite the Human Rights Council, taking into account the views of indigenous peoples, to review the mandates of its existing mechanisms, in particular the Expert Mechanism on the Rights of Indigenous Peoples, during the sixty-ninth session of the General Assembly, with a view to modifying and improving the Expert Mechanism so that it can more effectively promote respect for the Declaration, including by better assisting Member States to monitor, evaluate and improve the achievement of the ends of the Declaration.
