PLEDGE NUMBER 1: Silatech reaffirms its unwavering commitment to promoting the socio-economic right for young men and women worldwide with a focus on the right to decent work. With a clear vision in mind, Silatech is targeting the placement of 5 million youth into employment and self-employment opportunities since its inception by the end of 2026. By focusing on targeted initiatives that provides financial services, capacity building, and mentorship programs to unemployed and underemployed youth, Silatech actively contributes to the achievement of Sustainable Development Goals, fostering prosperity and reducing poverty and inequalities among the most vulnerable and marginalized populations. Firmly rooted in the belief that economic empowerment is key to advancing human rights and through these concerted efforts, Silatech envisions a brighter and more equitable future for the youth, fostering socio-economic inclusion and shaping a world where every youth can thrive.

Expected deadline within which pledge will be realised: Dec 31, 2026
